PROFESSIONAL SUMMARY

Senior business development leader with 30+ years in B2B and government sales across defence, clean energy, ICT security and surveillance, and AI robotics. **Has led or closed about INR 32 crore (~USD 3.4 million, ~AED 12.5 million) in orders since 2011.** At Windstream Energy, grew a defence and corporate business from about INR 3 crore to INR 12 crore in FY2023–24 and INR 14 crore in FY2024–25, **a combined INR 26 crore (~USD 2.77 million)**, by opening new defence segments: INR 14 crore of Indian Army orders and INR 12 crore of solar projects. Builds sales teams (up to 10 executives) and channel networks (up to 12 partners) and owns the tender and bid cycle from specification to delivery. Brings direct GCC exposure from six months of selling in Dammam, Saudi Arabia, and is seeking a senior business development or channel leadership role in the UAE.

KEY SKILLS

Business Development: new business development, B2B and B2G sales, key account management, consultative and solution selling, negotiation and contract closure, go-to-market planning, new segment development

Channel & Partnerships: channel partner and dealer development, distributor management, OEM and system integrator (SI) alliances, service partner networks

Bid & Tender Management: RFP/RFQ and tender response, technical-commercial proposals, government e-procurement (GeM), reverse auctions, pricing and negotiation

Team Leadership: sales team building, coaching and mentoring, quarterly product and competition training, regional team management, cross-functional coordination

Sectors: defence and security, surveillance and counter-surveillance, smart city ICT and e-governance, solar and wind–solar hybrid energy, AI robotics (SaaS and Robotics-as-a-Service), managed network services

Tools: SAP SD, MS Office, AI tools for presentations and data analysis

SELECTED ACHIEVEMENTS

- **Total orders since 2011:** INR 26 crore (Windstream) + INR 0.90 crore (Aerogenics) + INR 4.10 crore (HCL) + INR 1 crore (Serum) = **INR 32 crore (~USD 3.4 million; AED 12.5 million)**.
- **Segment growth (Windstream Energy):** grew annual turnover from ~INR 3 crore to INR 12 crore (FY2023–24) and INR 14 crore (FY2024–25), about 4.7x, by opening defence segments. **Combined: INR 12 crore + INR 14 crore = INR 26 crore (~USD 2.77 million; AED 10.2 million).**
- **Order mix behind the INR 26 crore:** INR 14 crore (~USD 1.49 million) of defence orders from the Indian Army for vertical wind–solar hybrid systems, plus INR 12 crore (~USD 1.28 million) of solar projects for Telangana Prisons, NMDC, RBI, Karnataka Animal Husbandry and corporate clients including L&T, IOCL and telecom operators.
- **Defence and DRDO orders (Aerogenics):** won INR 60 lakh (~USD 64,000) of air-to-water generator orders from MES and the Indian Coast Guard, and INR 30 lakh (~USD 32,000) from RCI (DRDO) for laser optics and solar fencing: **INR 90 lakh combined (~USD 96,000)**.
- **Enterprise projects (HCL Infosystems):** led an INR 3.5 crore (~USD 0.37 million) biometric attendance rollout for NALCO at major mining sites, and INR 60 lakh (~USD 64,000) of surveillance systems for Apollo Hospitals, Odisha.
- **Recognition:** National No. 1 at Godrej & Boyce for selling 75 multifunction photocopiers (INR 45 lakh, ~USD 48,000) in three months.

PROFESSIONAL EXPERIENCE

Serum AI Robotics Pvt Ltd (start-up), Hyderabad **Apr 2025 – Present**

Head of Business Development

Team: 3 sales executives and 4 channel partners

- Built the sales team and channel partner network for AI robots, chatbots and drone solutions sold to healthcare, police, defence and government customers, with quarterly product training.
- Structured pilot commercialisation plans (pricing, positioning, partner roles) for elderly-care and school-learning robots with an engineering college and a software firm; the pilots brought in INR 1 crore (~USD 0.11 million).
- Sell across B2G, B2B and B2C models on SaaS and Robotics-as-a-Service (RaaS) platforms.

Windstream Energy Technologies India Pvt Ltd, Hyderabad **Sep 2023 – Mar 2025**

Head of Business Development, India

Team: 5 sales executives and dealer teams across North, South, J&K and Central Command (Bareilly)

- Led the growth turnaround by identifying deeper pockets in the defence segment and opening new segments, which drove the turnover growth above.
- Won INR 14 crore of wind–solar hybrid defence orders from the Indian Army, opened new defence and corporate accounts across India, and retained top strategic clients.
- Owned the full GeM bid lifecycle, from specification analysis and technical-commercial submission to negotiation and order fulfilment, raising the bid win rate.
- Delivered INR 12 crore of solar projects for Telangana Prisons, NMDC, RBI, Karnataka Animal Husbandry and corporate clients including L&T, IOCL and telecom operators.
- Trained sales and dealer teams quarterly, and aligned supply, logistics and service delivery with customer commitments.

Aerogenics India Pvt Ltd (start-up), Hyderabad **Jan 2016 – Aug 2023**

Sales and Operations Manager

Team: 6 sales executives

- Won counter-surveillance orders from defence clients, including a significant order from the Centre for High Energy Systems and Sciences (CHESS), a DRDO laboratory.
- Won INR 60 lakh of air-to-water generator orders from MES and the Indian Coast Guard, including the Andaman & Nicobar Islands HQ.
- Supplied laser optics and solar fencing to RCI (DRDO) under an INR 30 lakh order.
- Directed Smart City ICT and e-Governance roll-outs in Chhattisgarh and Shivamogga, from bid stage through delivery and handover.
- Built OEM and system-integrator alliances that won competitive government and smart-city tenders.
- Owned bid documentation, key account management and logistics for high-value government programmes; exceeded sales targets.

HCL Infosystems Ltd, Bhubaneswar **Feb 2011 – Dec 2015**

Regional Sales Manager (Odisha, Chhattisgarh, Jharkhand, Andhra Pradesh, Telangana)

Team: 10 executives (2 per state) and 10 service-support channel partners (2 per state)

- Led the ICT security, surveillance and access-control business for government and corporate clients, and grew regional market share through channel partnerships.
- Negotiated and closed major government and corporate deals, including the NALCO and Apollo Hospitals projects.
- Trained executives and partners every quarter on products and competition.

Tulip Telecom Ltd, Hyderabad **May 2004 – Jan 2011**

Senior Marketing Manager, Government Vertical

- Delivered large-scale MPLS VPN and managed network services to state and central government bodies.
- Established anchor government accounts that became long-term partnerships and a stable source of recurring revenue.
- Led the full sales cycle from opportunity identification to contract closure and service delivery, coordinating technical, finance and operations teams.

Godrej & Boyce Mfg. Co. Ltd, Hyderabad **Jun 1998 – Apr 2004**

Channel Consultant (multifunction photocopiers)

Team: network of 10 channel partners across Telangana and Rayalaseema

- Built and managed the partner network with quarterly product and competition training, ranking among the company's top performers nationwide.
- Spent six months in Dammam, Saudi Arabia, promoting Rex-Rotary copiers, gaining first-hand GCC market exposure.

Linkwell Electronics Ltd, Visakhapatnam **Mar 1992 – May 1998**

Territory Manager

- Opened aqua-farming firms as a new customer segment by identifying their automation needs, and delivered customised home and office automation solutions to business clients.

EDUCATION & CERTIFICATIONS

- MBA (Marketing Management) and B.Com, Andhra University
- Solar PV Plant Certified Pre-Sales, Steinbeis University, Germany
- ISO 9001 QMS Internal Auditor (trained 2004, 2024); AI tools and ChatGPT for presentations and data analysis, Be10X (Mar 2025)

Currency basis: 1 crore = 10 million; 1 lakh = 100,000. USD at INR 94 = USD 1 (7 Nov 2026); AED at 3.6725 per USD. Figures are approximate.
