PROFESSIONAL SUMMARY

Senior business development, sales and channel leader with 30+ years of experience, from Territory Manager to Head of Business Development, now heading a division at an AI robotics start-up. Built and led sales teams and channel networks (up to 10 executives, 12 partners) across government, defence and corporate markets, and led Windstream Energy's growth from no more than INR 3 crore to INR 14 crore a year (~USD 1.47 million, AED 5.4 million). A quantified, business generated across fine roles, is **INR 34.15 crore, about USD 3.59 million and AED 13.2 million**. Combines ICT, surveillance, clean-energy and AI robotics expertise with SaaS, RaaS and AI-tool skills, plus six months of **GCC exposure in Dammam**. Seeking a senior UAE role to make a sustained contribution, strengthen performance and develop teams.

CORE COMPETENCIES

Sales & Business Development: new business development, B2B and B2G sales, key-account management, consultative and long-cycle selling, negotiation and closing, territory management, revenue growth

Channel & Partnerships: channel-partner and dealer development, distributor management, OEM and system-integrator alliances, service-partner networks, go-to-market planning

Leadership: team building, coaching and mentoring, quarterly product training, regional team management, cross-functional leadership

Tender & Bid Management: RFP/RFQ and tender response, technical-commercial proposals, government e-procurement (GeM, CPPP), reverse auctions, pricing and negotiation

Domains & Digital: surveillance and counter-surveillance, smart-city ICT and e-governance, hybrid wind–solar energy, AI robotics, SaaS and RaaS, SAP SD, AI tools

SELECTED ACHIEVEMENTS

- **Revenue growth:** grew Windstream's annual turnover from no more than INR 3 crore to INR 12 crore in FY2023–24 and INR 14 crore in FY2024–25 (~USD 1.26 million and ~USD 1.47 million), by opening new defence segments.
- **Defence and solar orders:** secured INR 16 crore (~USD 1.68 million) of defence orders for vertical wind–solar hybrid systems (2024–25) and delivered INR 7 crore (~USD 0.74 million) of solar projects ahead of benchmarks (2023–25).
- **Enterprise projects (HCL):** led an INR 3.5 crore (~USD 0.37 million) biometric attendance system for NALCO at major mining sites (2011–13), improving the customer's operational efficiency, and deployed INR 60 lakh (~USD 63,000) of surveillance systems for Apollo Hospitals, Odisha (2013–15).
- **Defence supply (Aerogenics):** won air-to-water generator orders from MES and the Indian Coast Guard, including the Andaman & Nicobar Islands HQ, and an INR 60 lakh (~USD 63,000) work order from RCI (DRDO).
- **Recognition:** National No. 1 Channel Sales Manager at Godrej & Boyce, selling 75 multifunction photocopiers worth INR 45 lakh (~USD 47,000) in three months.

PROFESSIONAL EXPERIENCE

Serum AI Robotics Pvt Ltd (start-up), Hyderabad, India — **Apr 2025 – Present**
Heads Business Development

Team: 3 sales executives, 4 channel partners, all reporting to me

- Generated INR 2 crore (~USD 0.21 million) of business in the first year through personal efforts, positioning AI humanoid robots, conversational chatbots and drones for police, defence, healthcare, government and education customers.
- Built a team of 3 sales executives and 4 channel partners, coached through quarterly product training.
- Structured pilot commercialisation plans (pricing, positioning, partner roles) for elder-care and school-learning robots with an engineering college and a software firm; the pilot projects brought in INR 1 crore (~USD 0.11 million).
- Sell across B2G, B2B and B2C models on SaaS and Robotics-as-a-Service (RaaS) platforms.

Windstream Energy Technologies India Pvt Ltd, Hyderabad, India — **Sep 2023 – Mar 2025**
Head of Business Development, India

Team: 5 sales executives; dealer teams of 3 each in North, South, J&K and Central Command (Bareilly)

- Led the growth turnaround by identifying deeper pockets in the defence segment and opening new segments, while the existing team sustained the base of about INR 3 crore.

- Opened new defence and corporate accounts across India and retained top strategic clients.
- Led and trained the sales and dealer teams through quarterly coaching and product sessions, so they could compete with confidence on product knowledge.
- Owned the full GeM bid lifecycle, from specification analysis to order fulfilment, raising the bid win rate.
- Delivered wind–solar hybrid and solar projects for defence, state-government and corporate customers, including L&T, IOCL, NMDC, Railways and telecom operators.

Aerogenics India Pvt Ltd (Start-up), Hyderabad, India **Jan 2016 – Aug 2023**
Sales and Operations Manager
Team: 6 sales executives

- Won counter-surveillance orders from defence clients, including a significant order from the Centre for High Energy Systems and Sciences (CHESS), a DRDO laboratory.
- Exceeded sales targets in defence, public-sector and corporate segments.
- Directed Smart City ICT and e-Governance roll-outs in Chhattisgarh and Shivamogga, from bid stage through delivery and handover.
- Built OEM and system-integrator alliances that won competitive government and smart-city tenders.
- Owned bid documentation, key-account management and logistics for high-value government programmes, and coached the team through quarterly product and competition training.

HCL Infosystems Ltd, Bhubaneswar, India **Feb 2011 – Dec 2015**
Regional Sales Manager (Odisha, Chhattisgarh, Jharkhand, Andhra Pradesh, Telangana)
Team: 10 executives (2 per state) and 10 service-support channel partners (2 per state)

- Led the ICT security, surveillance and access-control business for government and corporate clients across five states, and grew regional market share through channel partnerships.
- Negotiated and closed major government and corporate deals, including the NALCO and Apollo Hospitals projects.
- Trained the executives and partners every quarter on products and competition.

Tulip Telecom Ltd, Hyderabad, India **May 2004 – Jan 2011**
Senior Marketing Manager, Government Vertical

- Delivered large-scale MPLS VPN and managed network services to state and central government bodies.
- Established anchor government accounts that became long-term partnerships and a stable source of recurring revenue.
- Led the full sales cycle from opportunity identification to contract closure and service delivery, coordinating technical, finance and operations teams.

Godrej & Boyce Mfg. Co. Ltd, Hyderabad, India **Jun 1998 – Apr 2004**
Channel Consultant
Team: network of 10 channel partners across Telangana and Rayalaseema

- Built and managed the partner network for multifunction photocopiers, with quarterly training on products and competition, ranking among the nation's top performers.
- Spent six months in Dammam, Saudi Arabia, promoting Rex-Rotary copiers, gaining first-hand GCC market exposure.

Linkwell Electronics Ltd, Visakhapatnam, India **Mar 1992 – May 1998**
Territory Manager

- Pioneered a market strategy for aqua-farming firms and delivered customised home and office automation solutions.
